DEPARTMENT OF COMMUNITY AFFAIRS
COUNCIL ON AFFORDABLE HOUSING
PETITION APPLICATION**

This application is a guideline for creating a Housing Element and Fair Share Plan. A completed version of this application must be submitted as part of your petition for substantive certification to COAH. This application will be used by COAH staff to expedite review of your petition. This application can serve as your municipality's Fair Share Plan. A brief narrative component of the Fair Share Plan should be included with this application and can serve primarily to supplement the information included in the application form. Additionally, the narrative section of the Fair Share plan would include a description of any waivers being requested.

This form reflects COAH's newly adopted procedural and substantive rules and the amendments to those rules adopted on September 22, 2008. Footnotes and links to some helpful data sources may be found at the end of each section. **To use this document electronically, use the TAB KEY to navigate from field to field. Enter data or use the Right Mouse Button to check boxes.**

FAIR SHARE PLAN (N.J.A.C. 5:97-3)

Please provide a summary of the Fair Share Plan by filling out all requested information. Enter N/A where the information requested does not apply to the municipality. A fully completed application may serve as the actual Fair Share Plan. A brief narrative should be attached to supplement the information included in the application form. Additionally, the narrative section of the Fair Share plan would fully describe, under a separate heading, any waivers that are being requested.

Determining the 1987-2018 Fair Share Obligation

The following tables will assist you in determining your overall 1987-2018 fair share obligation. For each cycle of the affordable housing need and rehabilitation share, please use the “need” column to enter the number of units addressed in the municipal petition. Where the municipality has received and/or is proposing any adjustments to its rehabilitation share, prior round and/or growth share obligation, use the footnotes providing rule references and follow the procedures for determining the municipal need and/or for calculating any adjustments applicable to the municipality. Enter the affordable housing need as provided by COAH or that results from the adjustment under the “Need” column.

Determining the Growth Share Obligation

All municipalities must complete the “COAH projections” table below. Only municipalities that anticipate higher projections or that are seeking a growth projection adjustment based on a demonstration that insufficient land capacity exists to accommodate COAH projections need complete the corresponding additional table. COAH has published three workbooks in Excel format to assist with preparing this analysis. All municipalities must complete Workbook A. Workbook B must be used when the municipality anticipates that its growth through 2018 is likely to exceed the growth through 2018 that has been projected by COAH and the municipality wants to plan accordingly. Workbook C must be used by municipalities seeking a downward adjustment to the COAH-generated growth projections based on an analysis of municipal land capacity. Workbooks may be found at the following web location:

www.nj.gov/dca/coah/planningtools/gscalculators.shtml.

The applicable workbook has been completed and is attach to this application as Exhibit A.

Summary of Built and Proposed Affordable Housing

Provide the information requested regarding the proposed program(s), project(s) and/or unit(s) in the Fair Share Plan. Use a separate line to specify any bonus associated with any program, project and/or unit in the Plan. As part of completeness review, all monitoring forms must be up-to-date (i.e. 2007 monitoring must have been submitted previously or included with this application) and all proposed options for addressing the affordable housing obligation must be accompanied by the applicable checklist(s) (found as appendices to this application). Enter whether a project is proposed or completed and attach the appropriate form or checklist for each mechanism as appendices to the plan. Please note that bonuses requested for the prior round must have been occupied after December 15, 1986 and after June 6, 1999 for the third round.

Please make sure that a corresponding mechanism checklist is submitted for each mechanism being employed to achieve compliance. Separate checklists for each mechanism are available on the COAH website at www.nj.gov/dca/coah/planningtools/checklists.shtml.

Zoning Narrative Section

As shown in the attachments, the existing O/I Office/Industrial/Planned Development Zone includes an option whereby a 40 acre tract in this zone can be developed for Senior Housing at a maximum density of 10 units per acre with affordable units produced at a rate of 11% of the total market units. Since the Township was near the COAH mandated limit for % of senior affordable units and construction of family affordable units mixed with senior units on site was not desirable, affordable family units are to be created off-site through either the developer converting market units to affordable units (aka. Market to Affordable) or the developer providing payment in lieu for the East Brunswick Housing Corporation to complete the acquisitions/conversions.

i
Pursuant to PL 2008 c.46, Very Low-Income bonuses may only be granted for very low-income units that exceed 13 percent of the of the housing units made available for occupancy by low-income and moderate income households.

Zoning Narrative Section

As shown in the attachments the existing SCMXD Senior Citizen Mixed Use Planned Development District requires the provision of on site senior affordable units proportional to the type of housing proposed. Affordable units are to be provided as follows: Twenty percent of multi-family units, and Ten percent of single-family units. Development approval was granted by the East Brunswick Planning Board in 2004 and the commencement of development has been delayed by the need to obtain several outside agency approvals as well as the current conservative real estate market conditions.

Market to Affordable Narrative Section

The Township of East Brunswick in conjunction with the non-profit East Brunswick Community Housing Corporation (EBCHC) plans to acquire 193 market rate units during the years 2004 to 2018 and subsequently convert these units to affordable units.. The purchase and conversion of the units will be phased commensurate with the municipality's actual growth and associated calculated fair share obligation. The units will be low income family rental units priced to be affordable to families annually earning 40% of median income. The mix will be between one, two and three bedroom units as needed by the demographic of the community. As in the past, the units will be owned and managed by the EBCHC for the duration of the thirty year deed restriction. The units will be affirmatively marketed in accordance with UHAC requirements. The Administrative Agent for the program is the Housing Specialist (Municipal Liaison) and this person is designated to oversee the program using the COAH approved operating manual.

Each unit is estimated to require a subsidy of \$50,000 from the developer fee account. As in the past, other funding sources may include Middlesex County Home Funds, DCA Home Funds, EBCH Equity and mortgages. Due to the nature of this project, the funding distribution will vary on a per unit basis depending on the particulars of each individual transaction and subject to change due to fluctuations in market conditions.

Based on current market conditions, it is estimated that the purchase price of the units will be as follows:

One Bedroom	\$200,000
Two Bedroom	\$230,000
Three Bedroom	\$290,000
Estimated refurbishing:	\$3,000 per unit
Estimated closing costs	\$2500 per unit

Given that 32% of the East Brunswick Township housing stock consists of multifamily units, ample supply exists for this program to be successful. There are currently 78 potential properties listed on the Realtors.com website (see attached) which fall into this program's price range. The availability of this existing housing stock compensates for the limited supply of vacant sewerer Planning Area One land in East Brunswick for the construction of affordable housing and represents a "green/sustainable" approach to meeting affordable housing needs as existing land/resources are being recycled. Since a majority of the vacant residentially suited land is in Planning Area 4 and Planning Area 5, East Brunswick will continue to rely on the "Market to Affordable" program to increase the affordable housing supply in proportion to market residential and non-residential growth.

¹ Pursuant to PL 2008 c.46, Very Low-Income bonuses may only be granted for very low-income units that exceed 13 percent of the of the housing units made available for occupancy by low-income and moderate income households.

REHABILITATION PROGRAM (N.J.A.C. 5:97-6.2)

Rehabilitation Narrative Section

As detailed in N.J.A.C. 5:97, East Brunswick Township's rehabilitation share for 2004-2018 is 46 units. As detailed in the 2008 CTM update, the Township of East Brunswick has fulfilled its published rehabilitation obligation. Funding sources used to achieve this included developer fees and Community Development Block Grant funds. Since this obligation has been satisfied, a municipal resolution appropriating funds to cover a funding shortfall for this activity is not applicable. In addition, all units undergoing rehabilitation have been and will continue to be occupied units. Accordingly, an affirmative marketing plan for the re-rental of rehabilitated units is not applicable.

Despite achieving the required rehabilitation share obligation for this period, The Township's cooperative agreement with Middlesex County for the local housing rehabilitation program will remain in effect. A copy of the Housing Rehabilitation Program Procedural Manual and the Township's agreement with Middlesex County is attached.
